

Our Corporate Responsibility

“Arc Angels is a key element of the company’s ethos and culture. Giving something back to the communities in which we and our partners operate adds another important dimension to our business.”

Helen Withers,
Managing Director,
Arc Legal Assistance

Arc Legal Assistance firmly believes in supporting the local community and a range of charitable causes.

Under the ‘Arc Angels’ brand, we support voluntary organisations and the fundraising efforts of our staff, strategic partners and clients, on a local and national level.

As a specialist legal expenses provider, based in Colchester in Essex, Arc Legal provides insurance products to a number of insurers and intermediaries. Among the intermediaries that we work with are specialists providing products for police officers and members of the armed forces. We handle a number of claims areas, including personal injury and provide both legal and medical assistance across a field of services such as pleasure craft and travel. Taking into account our location and business interests we have selected four main charities for corporate support. They are:-

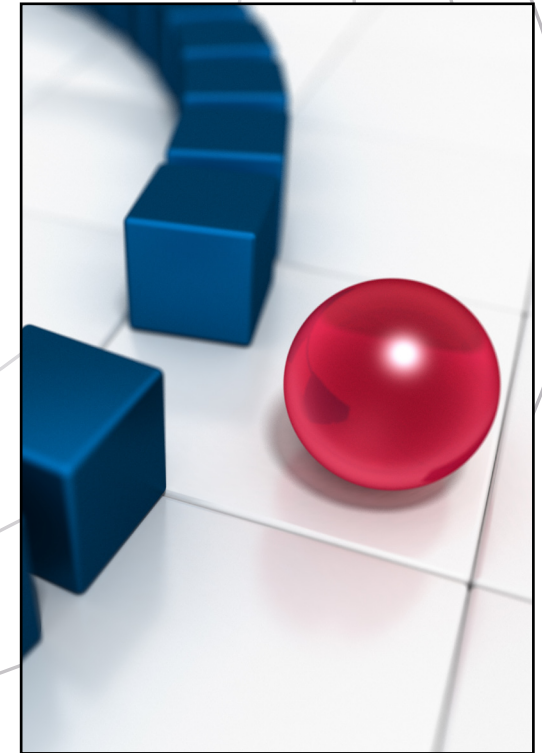

- Essex Air Ambulance
- Headway - the brain injury association
- Help for Heroes
- National Police Memorial Day

In addition the employees of Arc Legal have nominated a 5th charity to support throughout 2011, it is:-

- St Helena Hospice

We also support other charitable activities alongside our staff, which include Race for Life, Children in Need and Barnardos Secret Santa appeal.

Visit our media area at www.arclegal.co.uk to read about our recent charity activity.
