

Services - Travel

We manage over 6.3 million travel legal expenses policies.

“Since we appointed Arc Legal we have found that their case management combines the provision of excellent customer service with our own requirements for strong underwriting control.”

Jane Coppard,
Class Underwriter,
Equity Red Star

Arc Legal Assistance’s travel insurance is designed to cover legal costs arising from incidents that may occur during an overseas trip.

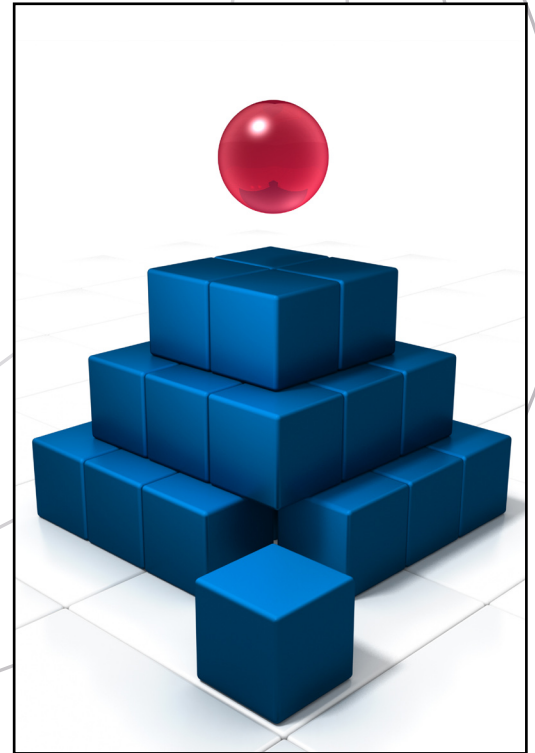

We provide legal expenses insurance for touring and static caravans, yachts, motorboats, dinghy’s and RIB’s, holiday homes and park homes. Cover typically includes:-

- Personal injury
- Damage to personal property
- Consultation following arrest

The management of travel legal expenses claims can be particularly challenging since policies generally provide worldwide cover, and claims arising can therefore be brought in any jurisdiction.

Our unique business model provides effective management through the development of customised processes and solicitors arrangements, to provide a highly streamlined case management system enabling us to address some of the fundamental challenges faced by the travel claims sector.

Our approach in managing travel claims enables us to offer clients a responsive claims service whilst controlling costs.
