

Our Corporate Responsibility

The Arc Angels begin the new decade with some exciting news about our new charitable partnerships for 2020.

The team at Arc Legal is passionate about giving back to the community and supporting both its local community and national causes. Under Arc Angels, our corporate responsibility programme, not only do we support our chosen charities for corporate support each year, our employees also nominate a chosen charity which is close to their hearts.

This year we have chosen to support Insurance United Against Dementia (IUAD) as our main corporate charity.

The Alzheimer's Society is the leading national dementia charity that campaigns for change, funds research to find a cure, and supports people currently living with the disease.

IUAD is an Alzheimer's Society movement created and championed by leaders from across the insurance industry with the goal to raise £10m to fund vital research and raise awareness of the disease that affects millions of people across the UK.

In addition to our support of IUAD, we will also continue to provide corporate support to a number of social and charitable organisations, including the Police Service of Northern Ireland Football Club (PSNI FC) and the British Police Cricket Club.

Each year we give our team the chance to vote for the charity they would like to support throughout the next 12 months. For 2020, we have chosen Thrombosis UK.

Staff will be raising funds for Thrombosis UK throughout the year by organising various fundraising activities.

We also support other charitable activities alongside our employees including Barnardos and Secret Santa appeal.

“Arc Angels is a key element of the company's ethos and culture. Giving something back to the communities in which we and our partners operate adds another important dimension to our business.”
